

MA IN ACTIVISM AND SOCIAL CHANGE SEMINAR SERIES 2007-08

Carol Grayson
Haemophilia Action and
expert witness to the Archer
Inquiry on Contaminated Blood

The Global Blood Trade and its Victims

Carol Grayson's MA thesis was a major force in getting an independent Public Inquiry on the issue of contaminated blood in the NHS. She will talk about how blood has become a lucrative globalised commodity, the dire implications for patients' welfare, and the campaigns fighting for justice.

Monday 28 April 2008, 5.15pm
